

Shaping the future of
Manufacturing
through R&D

5th Call

SMART is

a flexible industry-driven EUREKA Cluster on Advanced Manufacturing, whose main objective is the promotion of collaborative and international close-to-market R&D&I projects with decentralised national funding.

Do you have an innovative project idea in advanced manufacturing related to the following topics?

Technical domains

Advanced Manufacturing Processes

Smart & Adaptive Manufacturing Systems

Digital, Virtual and Efficient Companies

Person-machine Collaboration

Sustainable Manufacturing

Customer-Based Manufacturing

Key application areas

Aerospace

Automotive

Railway

Consumer goods

Capital goods

Industrial Components

Build your international consortium with at least two partners from two different countries.

Supporting countries

Austria

Belgium
(Flanders Region)

Canada

Czech Republic

Finland

Germany

Hungary

Ireland

Portugal

Slovenia

South Korea

Spain

Sweden

Switzerland

Turkey

**In any case, whichever your country, contact your National Agency to explore funding options.*

1

Prepare your project outline (PO)

The PO provides a short overview of the concept, the main objectives and the consortium of project (10-12 pages)

Deadline for PO
24-01-2022

2

Receive feedback

POs are evaluated and feedback is given when invited to the second stage.

Announcement
of successful
POs
07-03-2022

3

Write the full project proposal (FPP)

The FPP is a complete description of the project objectives, excellence, implementation work packages and expected impact.

Deadline for FPP
03-05-2022

4

Successful projects get SMART label

After the evaluations performed by a panel of recognised experts in the field of manufacturing, the best projects are granted with the SMART Cluster label.

Announcement
of labelled
projects
21-06-2022

5

Apply for your national funding

SMART Office can provide you support accessing your National Funding Authority

Elegibility criteria

SMART projects must have at least 2 partners from 2 different EUREKA countries, a duration between 2 and 3 years, and the budget must be balanced among participants/countries. No minimum/maximum budgets are defined.

PROPOSERS' DAY

04-11-2021
